

Ceramic Belts

Faster, cooler, longer and stronger

Ceramic portable belt is designed to get into tight spots and remove spot welds. It runs much cooler, cuts faster and lasts longer than other conventional portable belts.

TECHNICAL SPECIFICATIONS

Grain	Ceramic, Aluminium Oxide
Backing	Ywt / Xwt cloth
Bond	Resin over Resin
Coating	Closed / Open Coat
Grit range	24 – 80

APPLICATION

Automotive

Aerospace

Marine

Metal

Wood

10mm x 330mm Ceramic Belts
